FAIR GAMING

Grand Fortune Casino is committed to giving all our valued players a fair and trustworthy online casino gaming experience. We want our players to feel safe and confident that when you place a wager, you are playing with fair odds every single time.

We use Realtime Gaming (RTG) software, an industry leading provider of online casino software. RTG is a member of both the 'Interactive Gaming, Gambling and Betting Association' and the 'Interactive Gaming Council'.

All RTG online casinos use a Random Number Generator (RNG) which produces a high-speed stream of random numbers which, in turn, produce your bet result. It is thus impossible to plan or predict the outcome of any bet.

Our online casino software is thoroughly tested by Technical Systems Testing (TST), an independently operated organization that has no affiliation to any casinos or their software suppliers. TST ensures that our gaming structures and procedures always meet the highest industry standards.

As a player, you also have access to a detailed transaction and gaming history so you can review all your gaming action at any time.
